The Buda Fine Arts Festival is coming on October 1-3, 2010. In our seventh year we continue to bring over 40 artists to our community to show their fine art creations. We will display local student art, have performances from local musicians and hands on art for children and families to create. Join us for the Art Premier on Friday, 7-10 p.m. to meet the artists and help us begin the weekend event.

The Buda Fine Arts Festival Committee is offering you an opportunity to provide for the continued success of this festival. Please join us to support this community's commitment to fine art, art education and development of our art students.
